For:	ANTISTATIC LAYERED PANEL AND METHOD OF ITS MANUFACTURE		

SUPPLEMENTAL AMENDMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This reply is supplemental to the amendment previously filed on February 9, 2007 in the above-identified application in response to the Office action dated November 14, 2006.

In addition, this amendment corrects a supplemental amendment that was filed on February 22, 2007 by indicating that the new claims 41-50 submitted in the amendment of February 9 are now identified as being previously presented in view of their previous submission in the amendment of February 9, as advised by the legal instruments examiner for art group 1700. This reply properly cancels claims 35-38, and further identifies claims 41-50 as being "previously presented" in the Amendment to the Claims.

This is responsive to the Office action dated November 14, 2006 in the above application wherein the pending claims were finally rejected. A Request for Continued Examination is submitted herewith effectively removing the finality of the current rejection. In view of the following amendments and remarks, reconsideration of the application is respectfully requested.
